GOODTIMES GAZETTE

NINTH Del Mar Nationals

S T R E E T R O D ' E L E G A N C E

APRIL 3-5
DEL MAR, CALIFORNIA

1. Scott Taylor's recently completed '68 Mustang from Sacramento picked up a "Goodguys Builder's Choice" award. It's tricked out top to bottom with Air Ride, a 4" channel job, custom side and front panels, a 490ci big block Ford with a five speed and Shelby wheels.
2. Mike Wilson's green '50 Ford custom from Encinitas was back in the indoor display once again. This one is super slick inside and out.
3. Some creative work with the D.A. sander and clear coat lend a unique finish to Mark Wilson's cool-cruising '36 Chevy from Bakersfield.
4. Don and Suzy Murock - Mesquite, NV - 1933 Ford coupe.
5. One of the loudest cars on the planet has to be Randy McDaniel's wild '34 Ford coupe from Yorba Linda. It's powered by a full-on drag racing Arias Hemi with baffle-less zoomies and a Lenco trans. It's nuts... and loud.
